Nomination Statement for G.R.Bond Q11023

Position Nominated

President – State Management Committee, Queensland TPI Association

Brief Resume of Skills and Experience

I bring a strong background in leadership, governance, and advocacy, supported by a career of service to Australia and the veteran community. As a former Australian Army soldier, I developed the leadership, decision-making, and strategic planning skills necessary to lead teams and deliver outcomes in challenging environments.

I have extensive experience in organisational management, including chairing meetings, coordinating operations, and engaging with key stakeholders. I have an understand of governance processes and understand the importance of transparency, accountability, and strong communication to maintain the trust and confidence of members. My background in security and intelligence has strengthened my ability to analyse complex issues and implement practical, long-term solutions.

Why I Should Be Appointed as President

I am deeply committed to advocating for the rights, welfare, and recognition of all Totally and Permanently Incapacitated (TPI) veterans and their families. As President, I would bring vision and stability to the Association, ensuring it continues to grow as a strong and united voice for our members.

I believe the role of President is to lead by example, foster collaboration within the State Management Committee, and actively engage with government, service providers, and the broader veteran community to achieve positive outcomes. My focus would be on strengthening the organisation's foundations, increasing member engagement, and ensuring the Association remains a respected advocate for Queensland TPIs at all levels.

I have the experience, passion, and dedication required to guide the Queensland TPI Association into the future and to deliver meaningful results for all who rely on it.

Thank you for your consideration and if you require any further details please free free to contact me on any of the below details.
